

# ZIG-ZAG HOPPY

This is an easy game where you have to hop forwards then backwards. If hopping backwards is too hard, you can hop forwards instead. Or you could try jumping with both feet.

Make the line as long or as short as you like.

## RULES:

### HOPPING:

When you're hopping, if you touch the ground with your other foot you lose your turn, except when you are in REST.

### HOW TO PLAY:

1. Stand at the start.
2. Hop in a zig-zag pattern across the line, from the start to the REST.
3. When you reach REST, you can put your other foot down.
4. When you're ready, hop backwards in a zig-zag pattern from REST to the start again.

(For an extra challenge, close your eyes.)

Without the zig-zag pattern, this game is called Apple Hoppy, because the line with the circle at the end looks like a toffee apple on a stick. It's played the same way.
